"An idea came to me back in 2003 to create a place for wine enthusiasts, open day and night for them to gather, store their wines optimally, share their passions and enjoy exclusive events. The first wineBANK in my Rheingau hometown was the cornerstone for a global network of successful wineBANK locations. With clubs throughout Germany, Europe and the USA, we're proud to have nurtured a growing wine community unlike any other!"

CHRISTIAN RESS
(FOUNDER OF WINEBANK)

Your Key to the Wine World

The wineBANK is a network of private members' clubs for wine lovers. Our international community brings together wine enthusiasts, suppliers, collectors, novices and kindred spirits interested in raising the bar for their local wine landscape. Each club is intended as a place of gathering, a hub of community and exchange, where people bond over their shared passion for wine. Whether in a small circle or as part of exclusive events, you are always welcome at the wineBANK, in many cases 24/7/365 — one card, all clubs!
